Text-To-World Connection

For this sharing activity, you will be connecting a main character in your book to two current events and explaining how they would react to the current event based on their actions in the novel.

BEFORE YOU COME:
- ❏ Go to Newsela.com and sign in using google. **Make sure to use your school account!** (As long as you have joined google classroom you will be added to Newsela).
- ❏ Find 2 current event articles that deal with either something your character is interested in OR something that happens in your book.
- ❏ Print both articles
- ❏ Write a 5-8 sentence summary for EACH article. Attach the summary to the article it corresponds with.

IN CLASS:
We will be dividing into small groups. In your group you will summarize your articles and explain how your character would react to each event (article). Make sure to support your reasons with lots of examples and evidence from both the book and the article.

Your peers will be giving you a grade based on your preparedness and the quality of your comments/evidence.

Name:_____
___

Book:_____
____

Current

Events:_____

This person was prepared and had their articles and summaries.
   1 **2** **3** **4**

This person gave quality comments that showed thought and insight.
